Poor Helpless Parents Needs Your Support. Baby Amritansh is Their Only Child

Amritansh (18 Months)

It is very difficult for any parent to see their child suffering in front of them. We are such parents who are seeing our Baby Amritansh getting weaker and weaker everyday.

Our son Amritansh is just 18 months old. When he was 15 months old he started having fever and difficulties in taking breath. We took him to the local Hospital where the Doctor gave us few medicines and said he will be fine. But his health started deteriorating. We came to Delhi and went to Fortis Escorts Hospital, after doing tests the Doctor told us he has a hole in his heart and needs Urgent Surgery to save his life.

The cost of the surgery is 3,54,000/-. To arrange this huge amount is not possible for us. My husband is a driver and earns only 4000 per month. Somehow with the support of our parents and relatives we have manage to arrange Rs. 1,00,000/-.

This is our last resort, our last hope. We won't be able to live if something happens to my child.

Without your help we will not be able to save him.

I request Diya India Foundation and it's Supporters to Help us and Save our Only Child.
