## Poor Helpless Mother Can't Afford Her Only Child Heart Surgery

**Do not let 4 years old little girl loose her fight  
against Heart Surgery  
She is the only Child**

### Avni (4 Years)

My name is Radha. My daughter Avni who is my only child is just 4 years old and suffering from Down Syndrome by birth.

Avni often falls sick. Few days back she started turning blue and had a very high fever. We immediately took her to the near by Doctor where he suggested to take her to Paras Hospital, Gurugram.

In the Paras Hospital after doing tests, it was found that Avni has Congenital Heart Disease and need implants and Cost would be Rs. 4,00,000/- to save her life.

My Husband is a small-time helper in a clinic and earns only Rs. 7,000/- a month. We are not financially strong. My husband took a loan of Rs. 2,00,000 from his employer.

I need Help of remaining amount of the surgery from Diya India and Its good Supporter .

**Please Help... Avni is my only child.**
