**EMERGENCY**

**Subject: Support for Mast. Prince Namdev (119790)**

Dear Sir/Ma'am,

This letter is regarding **Mast. Prince Namdev (119790)**, is a one-year two-month-old male child who is diagnosed with **Down's Syndrome and Perimembranous VSD** and is required to undergo a **VSD Closure surgery** as soon as possible.

The estimated cost of the procedure would be **Rs. 2,25,000/-**.

Considering that his family is from a poor background and lacks the financial resources to fund the surgery, **we request that the Diya India Foundation and its supporters extend their support** for financial assistance to save his life.

With regards,

  
  
Ashish Katewa

## **Prince (1.2 Year)**

My Son Prince who is my only child is just 1.2 year old and suffering from Down Syndrome by birth.

2 months back he had pneumonia and his body started turning blue and had a very high fever. We immediately took him to the near by Doctor where he suggested to take him to big hospital as they don't have the facilities for the tests. We took him to Amrita Hospital, Faridabad.

After doing tests, it was found that Prince has Congenital Heart Disease he has hole in his heart and needs and Emergency Heart Surgery to save his life. The Cost of the surgery would be Rs. 2,25,000/-.

My Husband is a tailor and earns only Rs. 8,000/- a month. We are not financially strong but somehow we have manage to arrange Rs. 50,000 from my parents.

Due to his miserable condition we are afraid his condition will deteriorate as time passes, we are struggling to care and save our child.

We request Diya India Foundation and its Kind Supporter to please support generously, and help our son live the life he deserves.

**We do not want to lose our precious Prince.**
