New Delhi

Dear Sir/ Madam

The patient Virat Singh, born on 10.01.2025, S/o Mr. Saurabh Chandel, R/o Village Shahpur, Post Joya, dist Amroha, UP - 244222, has been examined by us and found to have congenital heart disease (Tetralogy of Fallot) for which he requires cardiac surgery (Complete repair of TOF). The total cost of the procedure would be approximately Rs. 4, 25,000/- (Four Lakh Twenty Five Thousand rupees).

This family requires financial assistance for the same so kindly help them in all possible way.

Thankyou

Regards,

Neeraj

*My only child is
battling between
life and death.
We need your
Support to
Save him.*

Virat 7 Months

My son Virat is just 7 months old. Since birth he is suffering from repeated respiratory problem. Two months ago, he suffered severe breathlessness and cough following which we took him to a local paediatrician, who diagnosed abnormal sounds from the heart.

The paediatrician referred us to Delhi. We came to Sir Ganga Ram Hospital, after thorough evaluation baby was diagnosed with hole in the heart. After hearing this news, me & my wife were completely broken.

Its hard to accept that our baby is suffering from heart disease and needs surgery to save his life. Doctors also told us that cost of the surgery will be around Rs. 4,25,000/-My wife is a Housewife and I am a Labourer earning Rs 8000/-per month. We have no means to arrange this heavy cost of surgery.

We request Diya India Foundation and its kind supporters to help us and save my baby's life.

Patient's Share : Rs. 25,000/-

Diya India's Share : Rs. 4,00,000/-
